PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building responsive web and mobile applications using React, React Native, Node.js, Express.js, MongoDB, and PostgreSQL. Developed real-world projects including an e-commerce platform and GymBro, a cross-platform fitness application. Passionate about writing clean, scalable code and continuously learning modern technologies.

WORK HISTORY

Full Stack Developer, 08/2023 - Current **Freelance / Personal Projects – Tunisia**

- Built responsive web and mobile applications using React, React Native, Node.js, Express.js, MongoDB, and PostgreSQL.
- Designed and developed RESTful APIs for web and mobile applications.
- Integrated databases and implemented authentication, CRUD operations, and API communication.
- Used Git and GitHub for version control and project management.
- Continuously improved applications by optimizing performance, usability, and code quality.

Computer Maintenance Intern, 07/2022 - 08/2022 **Tunisian Post – Tunisia**

- Assisted in computer hardware maintenance and technical support.
- Performed routine inspections, troubleshooting, and basic system repairs.
- Collaborated with the maintenance team to ensure equipment reliability and operational continuity.

Web Developer Intern, 07/2023 - 08/2023 **Unitech – Tunisia**

- Assisted in developing and maintaining web applications.
- Contributed to both frontend and backend development tasks.
- Participated in debugging, testing, and improving application performance while collaborating with the development team.

Web Developer Intern, 02/2026 - 07/2026 **Unitech – Tunisia**

- Developed a responsive e-commerce website for PC components.
- Implemented frontend interfaces and backend functionality using modern web technologies.
- Improved website usability, responsiveness, and overall user experience.
- Collaborated on feature implementation, testing, and debugging.

Mobile Developer Intern, 02/2026 - 07/2026

DEFENDR – Tunisia

- Developed GymBro, a cross-platform fitness mobile application using React Native.
- Designed and implemented authentication, workout plans, nutrition tracking, BMI/BMR calculators, and responsive user interfaces.
- Integrated backend services and databases to deliver a seamless user experience.
- Optimized application performance and maintained clean, scalable code throughout development.

EDUCATION

Professional Master’s Degree: Computer Science (Mobile Application Development), 06/2026
The Higher Institute of Technological Studies of Sidi Bouzid - Tunisia

Specialized in mobile application development, software engineering, databases, cloud computing, and modern web technologies. Completed academic and personal projects focused on designing and developing cross-platform applications.

Bachelor's Degree: Web Development and Multimedia, 06/2024
The Higher Institute of Technological Studies of Sidi Bouzid - Tunisia

Studied web development, database systems, JavaScript, HTML, CSS, networking, and multimedia technologies, with hands-on experience in building responsive web applications.

PROJECT

- GymBro, React Native, Node.js, MongoDB, Developed a cross-platform fitness application featuring authentication, workout plans, nutrition tracking, and BMI/BMR calculators. Integrated backend APIs and optimized application performance.
- PC Components E-Commerce, Angular, Node.js, PostgreSQL, Developed a responsive e-commerce platform with authentication, product management, and REST APIs. Implemented frontend and backend functionality.

HACKATHON

Hackathon Participant – 2023, Collaborated with a team to design and develop a software solution within a limited timeframe.

SKILLS

• JavaScript • React • HTML5 • Expo • Express.js • PostgreSQL • Git	• TypeScript • React Native • CSS3 • Node.js • MongoDB • MySQL • Postman	• REST APIs • API Integration • CRUD Operations • GitHub • VS Code • Agile Scrum • Responsive Design
